

experience

Analyst / Customer Strategy & Design - Deloitte India LLP

Aug 2023 - May 2024

Collaborated with cross-functional teams to drive user research and design strategy. Contributed to experience design for enterprise clients, successfully aligning user needs with core business goals. Conducted comprehensive market research and competitive benchmarking to strengthen client proposals. Crafted compelling visual presentations and pitch decks to secure new client engagements.

Design Intern - Ideoholics Design Studio

Sep 2022 - Nov 2022

Designed end-to-end wireframes, prototypes, and high-fidelity visual interfaces for diverse mobile and web products. Produced engaging static and motion-based marketing assets for clients across multiple industry sectors.

education

M. Des / Information Design - National Institute of Design, Bengaluru

June 2024 - Current

B. Tech / Computer Science - Delhi Technological University

Aug 2019 - July 2023

volunteering

Creative Coding Workshop

Facilitated a creative coding workshop for 25+ participants of diverse backgrounds, introducing foundational concepts in p5.js. Guided attendees in leveraging LLM code generation to successfully prototype and execute their concepts.

D’Frost Website Lead

Led the development and deployment of the D’Frost annual festival website for 2026, ensuring a fast, highly responsive, and interactive user experience.

recognition

DesignUp Futures Challenge Winner 2025

Speculative Design Challenge organised by futur2 studio, Berlin with jury consisting of 10 Design leaders across the world. Presented the winning concept, “Future of Currency is Alive” to a live audience of 1,200+ attendees.
